

POWER LUNCH MEETING

Date: Wednesday January 18, 2012, Time: Program & Lunch 11:30AM
Location: Bill Johnsons Big Apple, 16810 N. 19th Ave. Phoenix AZ

The Program: Distracted Driving Safety Program: “In the Blink of an Eye”

Presenter: Bennett R. Cromer/Federated Insurance Account Executive for TX,OK,NM,AZ

Distracted driving continues to be a public safety issue that costs business owners millions of dollars each year. A 2011 study by Federated Mutual Insurance Company revealed that 50 percent of commercial driving accidents included distraction as a contributing factor—more than weather, failure to yield, and following too closely combined.

Federated has created a new, comprehensive program called “Distracted Driving—In the Blink of an Eye” to help businesses address the risk exposure distracted driving can have on their companies. The program is designed to help reduce claims and the related costs of distracted driving by setting high standards for driving company vehicles.

This program will cover everything a business needs to conduct an impressive employee distracted driving safety meeting and new employee orientation.

At PHCC, we know the economy is still uncertain and business development is harder than ever. We also realize that times like these require you to make the most of every asset. In the midst of uncertainty, you’ve continued to rely on PHCC for the education and training you need to develop your skills and maximize your business. You’ve also depended on us to be your advocate on key legislative issues that affect our industry. We value your confidence and appreciate your continued support.
